PETER LINDBERGH

Peter Lindbergh was a German fashion photographer and film director.
In fashion photography, he portrayed models Linda Evangelista, Naomi Campbell, Tatjana Patitz, Cindy Crawford and Christy Turlington together for the January 1990 British Vogue cover, beginning an era of supermodels.
His work has been presented at international exhibitions. Lindbergh preferred black & white photography, he noted in 2014: "This should be the responsibility of photographers today to free women, and finally everyone, from the terror of youth and perfection."

RICHARD SERRA

Richard Serra was an American artist known for his large-scale abstract sculptures made for site-specific landscape, urban, and architectural settings, and whose work has been primarily associated with Postminimalism. Described as "one of his era's greatest sculptors", Serra became notable for emphasizing the material qualities of his works and exploration of the relationship between the viewer, the work, and the site.
